

Ronald McDonald House Philadelphia

ADOPT a ROOM

Provide comfort and hope to families by adopting a guest room at one of our two Houses—Chestnut Street or Front & Erie. Your gift will support the housekeeping and maintenance of that room, providing a clean and safe space for all the families who will stay in that room for a whole year.

By adopting a room, you will be helping families stay close to their children while they receive vital medical care. With your support, families staying at the House avoid numerous financial challenges, allowing them to focus on what matters most—their children's health.

“As soon as we walked in we were truly impressed. You thought of everything. The rooms were beautiful and quiet, giving us comfort while Leo went through surgery and treatment, and keeping his brother close by to visit each day.”

Dear Adopt A Room Donor,

It has been a tremendous gift to have a comfortable room at the RMH while we are at CHOP for our son's brain study and surgery. It has given us a home away from home and has made a very difficult situation a little less so. Thank you from the bottom of our hearts.

From Eric and Melissa Vanderhoof
Thank you!!

Dear Adopt A Room Donor,

Room 801
Our daughter was admitted since birth to the NICU. We were told she needed to be transfer to CHOP for a second opinion. With no family or friends in PA, RMHC was a blessing, a huge help to be able to stay close to our baby while she was at the hospital.

From Thank you, Thank you!!
