

Recycle for RMHC Philly

In partnership with

The tab collection program began at Ronald McDonald House Charities of the Philadelphia Region in 1997. That year, we collected 8,417 pounds of tabs. Since the inception of the program, RMHC has collected over 350 tons of tabs and over \$170,000!

Just The Tabs:

We collect tabs instead of entire aluminum cans because it's easier and more hygienic to store the tabs than cans. There is also a higher concentration of aluminum in the tab itself, so those little tabs can really add up!

How It Works:

After the tabs are collected, United Scrap Metal weighs the donation to determine their value, based on the average value of around \$.75/pound of tabs. They will then send RMHC Philly a check for the total amount, which directly benefits the families we serve!

How to Participate:

First, create a collection container. Any reusable storage container works; get creative! Then, save up tabs until you fill your container, then drop them off at one of the addresses below. **Please contact Alyssa McHugh by phone or email to coordinate a date and time for your tab drop off (contact info below).** Don't forget to take a photo with your tab collection, and tag us on Facebook, Instagram, or Twitter (@RMHCphilly)!
